

From vulnerable to safe - a smile and an open door make all the difference

Guildford Nightstop

What is Guildford Nightstop?

Guildford Nightstop arranges overnight emergency accommodation in the homes of volunteers for 16-19 year olds who may have nowhere to sleep.

Could you help a young person in crisis?

Just by offering a safe bed for a night or two, you can offer a vital breathing space to a vulnerable young person.

What's involved?

Full training is given to volunteers, along with regular support and out of pocket expenses. Volunteer Hosts decide on a monthly basis when they are available for the Nightstop scheme.
